COMMUNICATION

USER FRIENDLY & GREEN

Whether you're in the office or on-site, the familiar tablet interface makes it easy!

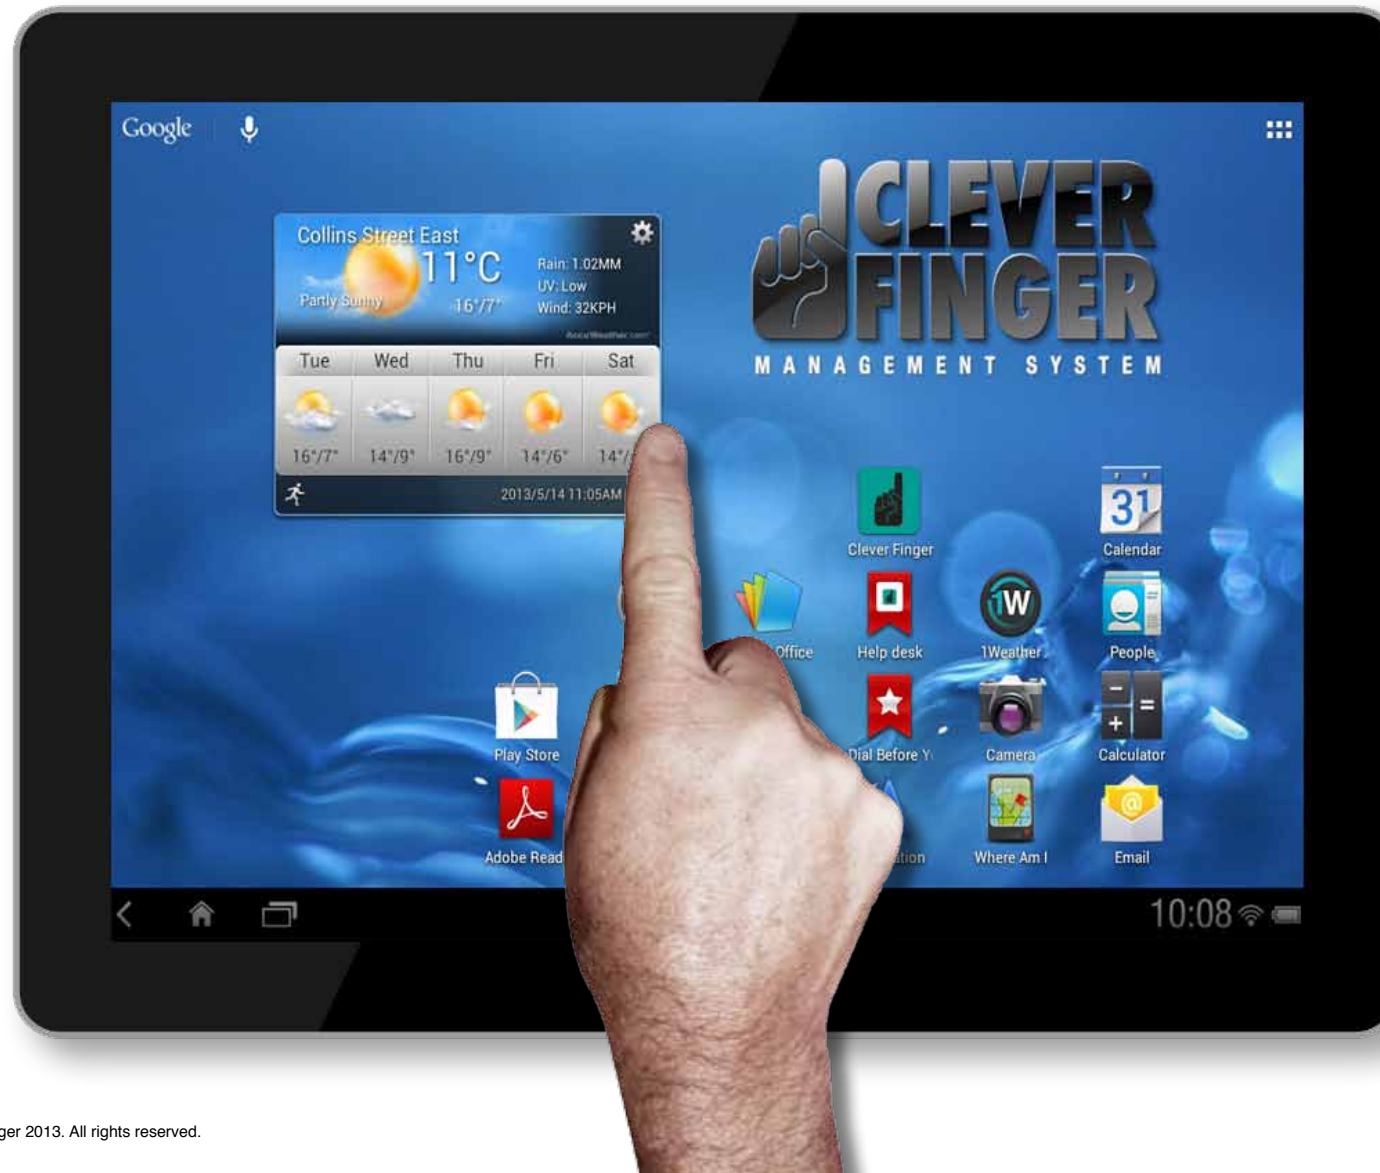

Eliminating paper wastage is environmentally friendly.

EASY TO USE

SELECT FORMS

SMART FEATURES

REAL TIME GPS LOCATION

Lock your form in with real time GPS location. This will confirm where the form was actually created. Making your inspections more accountable, verifiable and enhancing their integrity by eliminating the opportunity of tampering. And to do all this you don't even have to open any new application. Everything is integrated into Clever Finger.

RECORD SIGNATURES

Take signatures on the form, in any part of the form you wish. Clever Finger gives you a smooth signature pad to take anyone's signature on the pad easily anywhere any time. All signatures are protected by the security encryption in built into Clever Finger program.

KEEP ACCURATE RECORDS USING PHOTOGRAPHS

No need to carry your camera with you or use your mobile to take a photo. Clever Finger is capable of taking pictures and adding it to your form exactly in the desired position.

CREATE PDF DOCUMENTS ON THE FLY

Clever Finger uses a clever PDF engine to generate PDF's on the fly as documents are emailed.

Not only does this save time it reduces paperwork and saves the environment.

WHAT DOES THE PROGRAM DO?

1. You can complete your forms very quickly by screen touch.
2. You can email them back to your office and/or store them on the Tablet from within Clever Finger (no need to save, open email, insert doc etc.).
3. You can have any document anywhere without printing it on paper.
4. You can take photos from within the document and insert them in your document where you want.
5. You or anyone else can sign on the screen and insert the signature in your document where you want.
